

Circle Welding Innovations, Inc.

*RC-1100 Combo Welder/Air Plasma Burner
for mig - flux core welding and air plasma to cut holes.*

*The RW-1100 Combo
Welder/Air Plasma Burner
was designed to burn holes
and do single or multi pass
welding of couplings on
sprinkler pipe. The machine
can be rotated clockwise or
counterclockwise without*

*airlines, gas hose, power
cables for welding and
burning and control cable
wrap-up. Since we have
combined two machines into
one we need only 26 feet of
space in your shop.*

CIRCLE WELDING INNOVATIONS, INC.

P.O. Box 370 • Tomball, TX 77377-0370 • Phone: (281) 255-4711 • Fax: (281) 255-4712

RC-1100 Combo Welder/Air Plasma Burner

Features:

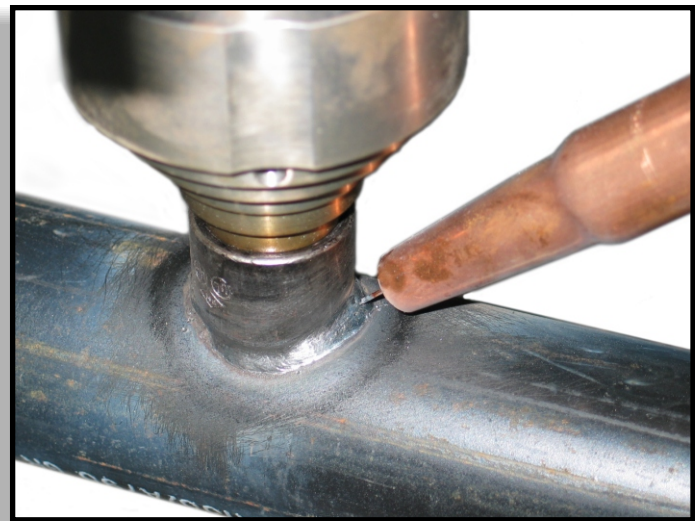

- Wire feeder w/one set drive rolls
- Permanent magnet DC drive motor
- Dual solid state speed control. One side controls burning the other controls welding
- Brushes & collector rings for continuous rotation
- Gun & cable assembly
- Plasma torch
- Rise & fall cam assembly with 5" of stroke
- Plasma power source

- Welding power source
- 50' plasma leads
- 50' welding leads & control cable
- Carriage with motorized vertical lift
- Oscillator for mig welding
- Adjusting rack for burning & welding
- Adaptor

All we need from the customer is the beam and pipe stands.

Input Power:

- 220/SP & 110 for plasma power source
- 220/3P for welding power source
- Air supply for plasma
- Shielding gas for welder
